Programme

1. Inclusive Education Programme
2. Nirantara Capacity Building Programme
3. Early Intervention Programme
4. Prevention of Child Marriage Programme

1. Inclusive Education Programme for specially able children:

Inclusive Education Programme program is the one of the key programs of REACH's which support By **APD Bangalore**. In our rural area many children with disability (CwD) are unable to receive an education because of financial hardship, inaccessibility in mainstream schools, and lack of sensitization to their needs. With REACH's Inclusive Education program, we impact the lives of hundreds of children while building the capacity of various stakeholders such as parents, siblings, peers, teachers, and government officials.

➤ Programme Objectives :

Work with taluk level to build an ecosystem of inclusion for CwD. Ensure comprehensive education for the overall development of children.

Reach is working with 225 speech and hearing-impaired children, with locomotor disability, children with cerebral palsy between ages 0 to 16 across 33 panchayat, 2 Pattana Panchayat, 2 TMC, 67 villages of Muddebihal, Nidagundi, Talikote Taluk and special child friendly schooling with increased support from parents, peers, stakeholders, and teachers. Children with hearing impairment are part of regular classes. Also sign language and audio-visual technology are used to educate.

We provide Special Aabled Childrens education support through Community Based Rehabilitation teachers, develop individual education plans, build capacity of school teacher, peer, parents and siblings, provide teaching and learning materials, provide various services to Children like medical, social entitlements etc., closely work with government department and other key stake holders to build an eco-system.

➤ *** Model schools:**

Reach started a model school two years back with 5 to 6 Children with Disability (CwD). After Reach's work with education department, parents community, school management committee and various stakeholders - we run 4 model schools in different villages with 36 CwD joining our program from a radius of 10 to 15 KMs villages.

Children with our support have developed themselves alongside the normal children.

Work with the education Department:

We support the government department the locality to get enrollment and assist with sustaining the quality of education for children with special needs .

Under the program, when the child is brought to the center or in the villages, the child is screened for possible under development (delayed developmental milestones), and detailed assessment is carried out. The parents are counseled and provided with enough information on possible ways of handling the child and the available resources the child can receive through various systems including education. The parents and the teachers are trained to deal with the child's training.

➤ **Summer Camp**

On 08-10-2018 to 16-10-2018 collaboration with Sri Pavada Basaveshwara Samste Basarakod REACH's Organization are Organized Summer Holiday Education Camp with PWD's children's in Dasara Vacation holidays, in this camp Deaf childrens-45,CP children's 12, and Locomotors Children's 11 total 68 CWD's and other disability children's 15 and 50 Parents participated. The program reach and impact:

- Through these efforts, over the last 5 years Reach has served over 500 students out of which 52 students completed technical education and employed in BPO, Hotel, companies and small to medium manufacturing units earnings between Rs 8000 to Rs 12000 per month.
- Utilization of 3% budget for Disability in GP has increased.
- Last 5 year around 400 children with disability have been mainstreamed
- Over 280 students benefitted through govt schemes like Disability ID card, bus pass, monthly pension etc.
- 72 children have got hearing aids , 64% Children are receiving monthly pension.

The program has helped the children to achieve better results as they are able to communicate through sign language as well the parents and teachers. The program also has helped in accessing the social security schemes which are very important in sustaining themselves in the later stages of their life. The children with the support of the program have developed themselves alongside the normal children.

Success Stories

Sangamma is a house wife lives in Madinal village, Due to lack of scope I did not study & married to Shekappa in a very small age. They are **working for daily wages. Presently we are 4 members in the family. They feed** bad their 2 children Santosh & Sagar are Deaf. In their family no one support to them. We identified their problem & refer to BD Tatti Speech therapy school , with 2 years her mother also lives with get therapy . Now they both are easily understand speech & response, interact like a normal children & now they studding 4th class in Normal School. We support to get all social security schemes benefit .

We are very happy to our both Children easily communicate with All . Parents express Reach's Organization service is very

Renuka .Patil is a Asha worker in Lingadalli village. Her husband work as a Driver in KSRTC. She having 2 children. Elder son Sharanagouga is Deaf .Her economical condition is good, But she feel bad to her child facing hearing problem .He birth as a normal baby, after In the age of 7 months Sharanagouda suffering from illness ,later he unable to hearing .Science last 5 years her family unable to get proper supposing hands. Now he is 5 years old .Very active boy.

Our staff identified his & do assessment & refer audiology test in BLDE hospital. Now he get Disability ID card. Teach sign language ,we also refer to speech therapy..

Now his parents thankful that they get proper support by Reach's NGO.

2 .PREVENTION OF CHILD MARRIAGE

AIM

Change in Attitudes and Inappropriate Value System

Current Status :

Child marriage and school drop outs of the girl child are major social issues faced in Vijayapura and surrounding districts & more than 50% of the marriages of girls take place below 18 years of age and mostly this happens during the mass and individual marriages conducted by politicians and religious heads and own house holds.

48.4% of married girls have a child before they turn 18. Escape from Child Marriage to Childhood: An awareness program on child marriage, child labour, trafficking among youth, children, civil and public at large through public rallies, training, workshops etc. Over 3000 child marriages stopped in the Muddebihal taluk by strengthening, women's groups, skill development and social action.

3)Rashtriya Saksharata Ahiyan

Center Based Literacy Project

The Rashtriya Saksharata Ahiyan targets to enhance the learning, reading, writing and cognitive skills of adults from the most marginalised communities in North Karnataka. The project strives to address the functional literacy of adults, woman in particular. This will lead to higher self –esteem and self –confidence enabling them to engage in economic activities. Improved functional literacy will directly impact on people’s ability to understand their rights, and claim their entitlements, enabling them to be able to influence Govt, policies that affect them. **The Rashtriya Saksharata Ahiyan is implemented by District Saksharata Abhiyana** . In that we will be plan to identified slums & backward area .

Objective :

- To enhance the confidence level of individuals and families, enabling them access and capitalize economic/livelihood opportunities
- To improve awareness among rural households that enables them to demand and access their rights and entitlements

In partnership with Development we have conducted literacy program to 376-illiterate women in the age between 16 to 75 Muddebihal . Daily 2 batches of training will be taken up.
